Sir, Attikan Estate is S.No. I-Vth bit of Arabikera village in the Kollegal Taluk. Its extent is noted as ~~in~~ 434.71 acres in the Resettlement Register. No map is available for this field in the Taluk Office or in my office. The Director of Survey who was addressed for one has sent a map for the field consisting of 5 isolated portions with the available angular measurements and distances. He says that no measurements are available for a certain length marked BCA in the enclosed sketch and that a survey cannot be undertaken without a fresh notification as the portion does not abut the Honnametti Estate the survey of which has been ordered in B.P.No. 958 Misc., dated 17-3-1928. I therefore

therefore request that a notification for the survey of the length referred to above may be issued as suggested by the Director of Survey, so that the work may be done concurrently with that of the Honnametti Estate.

Sir,

The District Forest Officer, Kollegal reported on 31-8-1929 that he has not yet secured the services of a draughtsmanand requested me to send him one from either, of the other two forest offices at Coimbatore. I am looking into it. As it is likely to take some time to secure a draughtsman for his office, I am asking the District Forest Officer to get the required notification prepared with the aid of his Forest Ranger, and send it to me at an early date. I shall submit it to the Board when received.

2/ The Collr's proposal is to survey a portion of the boundary of the Attikan estate 2nd bit which forms part of S no I of bit V of Arabikere village, Kollegal taluk. The portion of the boundary to be surveyed is shown as B.C.A in the sketch at (2). The survey is proposed as no measurements are available for the portion.
